

A man with a beard is sitting in the driver's seat of a car at night. He is holding a yellow breathalyzer device in his mouth and blowing into it. The device has a red light on its screen and the number '99' and 'SVC020' on it. The background is dark, suggesting it's nighttime.

Stop kidding yourself. If you drink, don't drive.

Thinking about driving after a couple of drinks? Think again.
If you blow .05 or over, you could face serious penalties,
including fines, losing your licence, getting an interlock installed
in your car and having to blow zero for three years.
